

San Bernardino Freeway (I-10) High Occupancy Vehicle Lane Project

Ramp Closure as Part of 10 HOV Construction Project

Eastbound I-10 Vincent Avenue North Long-Term Ramp Closure

West Covina – Beginning **Monday, February 6**, the California Department of Transportation (Caltrans) will close the eastbound San Bernardino Freeway (I-10) **Vincent Avenue North on-ramp** as part of the High Occupancy Vehicle lane construction project. Motorists attempting to access I-10 may experience delays and are encouraged to use alternate routes. The ramp closure will remain in effect through May 2017.

Detour signs will be posted. Ames Construction, Inc. is the contractor on this \$193 million project, which will add an HOV lane in each direction of I-10 between Puente Avenue and Citrus Street. This is the second of three projects that upon completion will offer one continuous HOV lane from downtown Los Angeles to San Bernardino County.

For real time freeway traffic information please visit the Caltrans Quickmap, quickmap.dot.ca.gov

Caltrans thanks you for patience and understanding during construction and reminds you to **“Be Work Zone Alert.”**
